A complete list of submittals to be deferred is required at the time of the building permit application. Documents for deferred submittal items shall be submitted to the registered design professional in responsible charge who shall review them and forward them to the building official with a notation indicating that the deferred submittal documents have been reviewed and found to be in general conformance to the design of the building. The deferred submittal items shall not be installed until the deferred submittal documents have been approved. FBC 107.3.4.1

It is the applicant's and design professional's responsibility to ensure any work done prior to the approval of the deferred submittals is in compliance with all codes and meets required loads. All deferred items must be approved before framing inspection.

I hereby certify and agree to the deferral process as outlined.
