Approval of the Minutes:
The April 17, 2024, minutes were unanimously approved as written.

Unfinished Business:

a. Bridge Maintenance Program: Ms. Slaughter, Public Works Projects Manager, provided an update that the contractor plans to exclude the bats from the bridges ahead of the bridge rehabilitation program in September. 60% plans should be received September 10, 2024, once approved final plans should take about two months. Construction plans should go out around January 2025. Ms. Slaughter provided examples of bridge emblems and the group agreed that each bridge be dedicated to a specific animal, requesting a turtle, fish, and bird. The group had questions on how long the project will take, life span, and if the bridges will be shut down completely. Ms. Slaughter stated that the project will take 4-5 months, the bridges have a 50-year design life, and service life can be extended an additional 15-20 years once rehabilitated, she also confirmed that the bridges will be fully shut down during the project.

b. Chamberlain Sidewalks: Mr. Slade provided an update that the contract has been drafted and sent out to the designer to sign. Fiscal will then get the purchase order signed and then the survey process will start. Mr. Slade stressed that during the survey they normally will place the monuments on the opposite side of where the sidewalks are planned to be constructed. Mr. Slade explained in detail the 30%, 60%, 90%, and 100% plan process and what it entails. Discussion ensued regarding the project timeline, width of sidewalks, and the possibility of curved sidewalks. Mr. Slade advised that the projected project length is 20 months, the width of sidewalks is planned for 6-8ft and advised that curved sidewalks most likely will not be an option due to the amount of right of way available, etc. but he will look at possibilities.

c. Future Sidewalks-Sidewalk Masterplan: Mr. Slade explained the benefits of having a Sidewalk Masterplan. The group discussed wanting to add a phase 3 sidewalk project. Mr. McVety made a motion to add phase 3 sidewalks from Chamberlain Boulevard to McCabe Street, seconded by Mr. Reif and passed unanimously. Mr. McVety made a motion to move forward with a sidewalk masterplan after phase 3 sidewalks. The motion was seconded by Mr. Cable and passed unanimously.

d. Community Outreach: The group requested this item be tabled at this time.
